Several speeches were made by business and professional men, as well as farmers, and a full explanation of location of the road contracted for and already constructed was made by Judge Johnson, who has been in conference and communication with the highway commission of the state.

The plan is for the county of Henderson to issue bonds to the amount of \$250,000, which will be added to \$700,000 furnished by the state and federal government for the construction of as many miles of hard-surface roads as the money will pay for, and the county will get the benefit of \$15,000 to \$20,000 of automobile tax money that would otherwise be lost to it.

Consigned Diamond Sale!

We are not interested, except to the extent of making sales for a nominal commission.

The diamonds offered are the property of individuals, who would rather have cash than their diamonds. Many causes are forcing these people to sell their stones, and they themselves have put a price on them. The lower the price the quicker the sale.

If you have idle cash, here is a real opportunity to make money. We give you a written offer to buy back for cold cash any stone purchased during this sale. Some of these offers are practically as much as the present sale price.

Come! Look these bargains over. Never in our 50 years in business have we been in a position to sell diamonds so far below the regular market price.
